TV PRODUCER/FATHER

CHAD MURDOCK: Hi, I'm Chad Murdock. As a
producer, I have seen thousands of products during my
career. Two years ago, I was compelled to bring one of
those products to you. I would have given anything to
have had Your Baby Can Read when my son, Michael, was
just a curious little boy or before my daughter,
Savannah, learned to walk. I am back again to share more
incredible stories from around the world.

Your response to Your Baby Can Read has been
overwhelming, with over one million families helping
babies learn to read. See how far some have grown and
you, too, will want to get Your Baby Can Read. What you
are about to see will amaze you.

3 CHAD MURDOCK: -- and they love to learn.

4 Today, you're going to hear their amazing stories and
5 meet Dr. Robert Titzer who created the revolutionary
6 early learning system for his own daughter called Your
7 Baby Can Read.

8 ON SCREEN: Robert Titzer, Ph.D.

9 Creator of Your Baby Can Read

10 CHAD MURDOCK: I sat down with Dr. Titzer to
11 discuss a recent scientific study of two groups --

12 ON SCREEN: Results based on mean scores of two
13 study groups.

14 Study sponsored by Your Baby Can Read on ages
15 10 to 23 months.

16 CHAD MURDOCK: -- of babies, a Your Baby Can
17 Read group and a control group.

18 ON SCREEN: Test scores chart

19 DR. ROBERT TITZER: In all of these tests, the
20 control group babies were at average or below average,
21 whereas the Your Baby Can Read group babies had overall
22 higher language scores. They had cognitive functioning
23 scores higher than the control group babies. The Your
24 Baby Can Read group babies did better than the control
25 group babies in every area.

1 MALE ANNOUNCER: Stay tuned to see how you can
2 give your child the learning they crave before that
3 window closes.

4 ON SCREEN: Chad Murdock

5 TV PRODUCER/FATHER

6 CHAD MURDOCK: Let's get to these amazing
7 stories. The first of two families that I interviewed
8 shows that it can work for two children of different ages
9 in the same house.

10 ON SCREEN: Manning

11 Yma & Archer's Dad

12 MANNING: Very skeptical at first because you
13 don't know if your child will respond in the same way as
14 what you're seeing on the television.

15 ON SCREEN: Mona 24 MONTHS HOME VIDEO

19 people trying to --

3 MANNING: -- to learn how to read at a real
4 young age.

5 ON SCREEN: Amy

6 Yma & Archer's Mom

7 AMY: One and a half or two years old I ordered
8 it and it only took her a few months.

9 ON SCREEN: Yma at age 3 HOME VIDEO

10 AMY: I called Manning at work and I told him,
11 I said, oh, my gosh, she's reading. I have a film of her
12 on vacation, she worked up to a Beware of Mountain Lion
13 sign and it's three paragraphs and she just read it to
14 us.

15 ON SCREEN: Make plenty of noise while you hike
16 so as to reduce the chances of surprising a lion. I read
17 it to you, too.

18 YMA: Make plenty of noise while you hike so as
19 to reduce the chances of surprising a lion. I read it to
20 you, too.

21 ON SCREEN: Yma at age 3 HOME VIDEO

22 AMY: I'm doing dishes and I look over and
23 she's gone to her room and she's in there reading.

24 MANNING: I didn't really know whether it was
25 the program or whether it was just that Yma was really

1 gifted and talented.

2 ON SCREEN: Archer at 18 months HOME VIDEO

3 MANNING: But here Archer is being able to read
4 at one and a half.

5 UNIDENTIFIED FEMALE: What's that one?

6 ARCHER: Up.

7 UNIDENTIFIED FEMALE: And then what's that one?

8 ARCHER: Down.

9 UNIDENTIFIED FEMALE: Down.

10 MANNING: If you get one that he likes, he'll
11 start flailing and running around the room with
12 excitement over it.

13 UNIDENTIFIED FEMALE: What is it?

14 ARCHER: Hair.

15 UNIDENTIFIED FEMALE: Hair.

16 ON SCREEN: Yma at age 3 HOME VIDEO

17 MANNING: These are the times where every penny
18 you spend on your child is going to come back to you ten-
19 fold.

20 ON SCREEN: Dane at age 2 ½

21 DANE: Hi.

22 ON SCREEN: Kaci & Jamone

23 Dane's Parents

24 KACI: I really wanted education to be a
25 central part of what we were able to offer Dane.

1 JAMONE: She had a strong, you know, upbringing
2 in education and I didn't. When I was younger, I don't
3 remember having to come home and do homework because my
4 mother worked later and she didn't get home until 11:00
5 at night. I knew that I wanted my son to have a better
6 opportunity than I did.

7 ON SCREEN: Your Baby Can Read! HOME VIDEO
8 Since 13 months

9 KACI: Dane was 13 months when we started him
10 on Your Baby Can Read and we actually saw kids that were
11 much younger than that.

12 JAMONE: I'm always a skeptic. I'm like, you
13 know, these kids could be geniuses or something, I don't
14 know. But I'll buy it anyway just in case. I was
15 getting ready and all of a sudden he says one of the
16 words and he points at it and says, baby. And I'm like,
17 oh, oh, like he's recognizing the words.

18 ON SCREEN: Dane at age 2 ½ HOME VIDEO

19 JAMONE: What's this one?

20 DANE: Stars.

21 JAMONE: Stars, good job. What's this one?

22 DANE: Kicking.

23 JAMONE: Kicking, good job. What's this one?

24 DANE: Walk.

25 JAMONE: Walk.

1 KACI: People were commenting about how amazing
2 it was, all of these really wonderful reinforcing
3 comments.

4 JAMONE: One of my buddies came over and I'm
5 just like putting the words in front of Dane and Dane is
6 like shoulders, you know. And my buddy was like, did he
7 just read that? And I'm like, yeah. And he's like,
8 what? He's like, wait a minute, how old is he? So, he's
9 like -- he thinks Dane is a genius right now. And I'm
10 like, he's not a genius. I said, this baby can read.

11 UNIDENTIFIED FEMALE: Fingers.

12 KACI: You know, even if your child is already
13 two or already three or whatever the case may be,
14 anything that you can do to give your child a running
15 head start is a step in the right direction.

16 JAMONE: What's this one?

17 DANE: Eyes.

18 JAMONE: Good job.

19 CHAD MURDOCK: Every parent talks about how
20 easy it is if you just stay consistent. We couldn't get
21 to every place in the world that Your Baby Can Read is
22 having success, so they sent in their stories.

23 ON SCREEN: Map of the world

24 Scotland, UK

25 ON SCREEN: Sharon & Jeff HOME VIDEO

1 SHARON: We first came across Your Baby Can
2 Read at a Scottish baby show. At the time, my daughter
3 Charley was about nine, ten months old. We're at home
4 that day with the full Your Baby Can Read package and
5 really started enjoying it, and after a couple of weeks,
6 she was -- that was all she wanted to do, and it just
7 made me feel just wonderful.

8 UNIDENTIFIED FEMALE: Do you know this one?

9 CHARLEY: Turtle.

10 UNIDENTIFIED FEMALE: Turtle.

11 UNIDENTIFIED MALE: Turtle.

12 SHARON: We haven't had the problems with two-
13 years-olds, so we don't have temper tantrums, we don't
14 have the terrible twos. We never had anything. It's way
15 more than just teaching your child how to read.

16 ON SCREEN: Charley at 24 months HOME VIDEO

17 CHARLEY: He's searching. He's peeking.

18 SHARON: It's the best gift you can ever have.
19 All right, say bye-bye to the camera.

20 CHARLEY: Bye-bye.

21 ON SCREEN: Map of the world
22 Chicago

23 ON SCREEN: Steve & Laura
24 Atia's Parents

25 LAURA: I told all of my friends and family how

1 much I actually wanted this program.

2 ON SCREEN: Atia at 22 months HOME VIDEO

3 LAURA: Within the first two weeks, she knew
4 all the words.

5 UNIDENTIFIED FEMALE: This word says?

6 ATIA: Elephant.

7 UNIDENTIFIED FEMALE: Good. These words say?

8 ATIA: Touch your ears.

9 LAURA: We couldn't believe it. We really
10 couldn't believe that what we had seen on TV was actually
11 working at our house.

12 ON SCREEN; Atia at 28 months HOME VIDEO

13 BABY: Eyes. Los ojos means eyes.

14 UNIDENTIFIED FEMALE: Los ojos means eyes,
15 that's right.

16 LAURA: She's now taking the cards and showing
17 them to her little brother and emulating how Steve and I
18 used to do it.

19 STEVE: The Your Baby Can Read system, it's an
20 amazing product that we swear by and we continue to use
21 it and we will use it for all of our children.

22 ATIA: Try and say spider. He said spider.

23 CHAD MURDOCK: You might be saying as a parent,
24 I am not an expert. You don't have to be. Your Baby Can
25 Read was designed by an expert who is also a father. He

1 will be the expert; you will be the teacher.

2 ON SCREEN: Robert Titzer, Ph.D.

3 Creator of Your Baby Can Read

4 DR. ROBERT TITZER: I was actually learning a
5 lot about how babies learn and, at the same time, I was
6 dropping my own baby off at the babysitter's house. So,
7 I felt really guilty dropping her off because I knew that
8 her brain was developing very rapidly.

9 ON SCREEN: Footage from Dr. Titzer's original
10 video. HOME VIDEO

11 DR. ROBERT TITZER: So, I made a video and on
12 the video, I put words and then acted out the words.
13 Snow, this is snow.

14 So, I asked the babysitter, please put this
15 video in any time you're not actively engaged, playing
16 with Aleka. After about six months, she started
17 recognizing all the words in the video.

18 ON SCREEN: Aleka at 9 months HOME VIDEO

19 DR. ROBERT TITZER: This is not a short-term
20 effect. This is a long-term effect that can change
21 everything about the child, what the child's interested
22 in, how the child does in school, the child's self
23 esteem. This can put your child on a different path in
24 life. This is what has happened with our family and
25 many, many thousands of other families.

1 CHAD MURDOCK: There are so many examples of
2 how Your Baby Can Read has helped children later in their
3 education.

4 ON SCREEN: Anya Alexis 12 Months Old

5 Your Baby Can Read!

6 2008 Infomercial

7 Since 3 months

8 CHAD MURDOCK: Who can forget Anya Alexis? I
9 got to sit down with her mother, Brandy, in Oklahoma, who
10 knew Your Baby Can Read could work when she first heard
11 Dr. Titzer speak.

12 ON SCREEN: Anya Alexis at age 2 HOME VIDEO

13 Charlotte's Web

14 "...and she took hold of the axe and tried to
15 pull it out of her father's hand."

16 ANYA ALEXIS: And she took a hold of the axe
17 and tried to pull it out of her father's hand. That's
18 not nice.

19 ON SCREEN: Brandy

20 Anya Alexis' Mom

21 BRANDY: I look back when she was smaller and I
22 was always so proud.

23 ON SCREEN: Anya Alexis at age 3 HOME VIDEO

24 ANYA ALEXIS: Oh, no, kind spirit. Then he
25 will be spared.

1 ON SCREEN: Anya Alexis at age 2 HOME VIDEO

2 BRANDY: Anya Alexis is drawn toward berries
3 and anything that's make-believe.

4 ON SCREEN: Anya Alexis at age 5 HOME VIDEO

5 BRANDY: When Anya Alexis was three years old,
6 she read her first Harry Potter book and she fell in love
7 with it.

8 ANYA ALEXIS: ...able to imagine two people
9 less likely to fall in love. I think you are forgetting,
10 said...

11 BRANDY: I have yet to see a baby that has not
12 enjoyed the Your Baby Can Read series. It makes it very
13 easy for the parent. It's easy and enjoyable for the
14 child and the process works.

15 ON SCREEN: JuniorVersity

16 Your Baby Can Read!

17 Since 2005

18 CHAD MURDOCK: Gwendolyn Cruise, Director of
19 JuniorVersity has been using Your Baby Can Read since
20 2005, with amazing results.

21 GWENDOLYN: How many of you guys are going to
22 go to Ivy League schools?

23 ON SCREEN: Gwendolyn

24 Director of JuniorVersity

25 GWENDOLYN: I do not get behind anything that I

1 do not believe in. If I don't believe in it, I'm not
2 going to try to push it, sell it. Our first graders here
3 are now reading at a third grade level. A lot of people
4 are not fortunate to have all of the extra monies and
5 things that they need to make sure that their child can
6 read, can count. Then what? By this time, they're
7 giving up. And then here's the gang members and all the
8 other negative people that are coming in and taking over
9 that child's mind.

10 If I could take this program into the projects,
11 I could make a difference. Your Baby Can Read would be
12 the answer for a parent that's waiting for a way out.
13 They didn't have it, but this could be an answer for the
14 kids. Get the Baby Can Read program, it works.

15 CHAD MURDOCK: It is hard to cut one minute of
16 these special stories, so here are just a few.

17 UNIDENTIFIED FEMALE: My baby is two years old
18 and he is reading.

19 UNIDENTIFIED MALE: He can read, he can
20 understand, he's using the correlations perfectly.

21 UNIDENTIFIED FEMALE: I was like, oh, my gosh,
22 he can read.

23 UNIDENTIFIED MALE: Your Baby Can Read has done
24 miracles for our son.

25 UNIDENTIFIED FEMALE: The time that you would

1 spend with your children, that's bonding time. Take
2 advantage of that opportunity.

3 UNIDENTIFIED MALE: Your Baby Can Read is an
4 investment you should make.

5 UNIDENTIFIED FEMALE: You can't go wrong with
6 this program.

7 UNIDENTIFIED FEMALE: You have to see it.

8 UNIDENTIFIED MALE: Every day, you see a change
9 in your kid. Try it out. It will work.

10 CHAD MURDOCK: Every baby has a right to learn,
11 to read, to speak, to walk or whatever they choose to
12 learn.

13 ON SCREEN: This is a paid presentation for
14 Your Baby Can Read.

15 CHAD MURDOCK: But they can't choose if they
16 don't have a chance and we can give them the chance.

10 CHAD MURDOCK: You know, in the first show, we

16 LINDSAY: Graham started at, I would say,
17 around the six-month mark and we didn't see any sign.

18 ON SCREEN: Graham at 14 months HOME VIDEO

19 LINDSAY: But as soon as he could talk, he was
20 reading everything off the screen.

21 GRAHAM: Teeth.

22 UNIDENTIFIED FEMALE: Good job.

23 GRAHAM: Keys.

24 UNIDENTIFIED FEMALE: Keys. What's that?

25 GRAHAM: Monkey.

1 UNIDENTIFIED FEMALE: Monkey.

2 LINDSEY: I don't know if I worried whether he
3 would be well-rounded. Before I even had a chance to be
4 worried, he was outside shooting hoops.

5 ON SCREEN: Graham at age 8

6 GRAHAM: You know, reading's fun and it leads
7 you to lots of other things, too. I've always loved to
8 play sports, you know, art I love, piano.

9 LINDSEY: Having Ridley do the exact same thing
10 two years later was the give-away right there.

11 ON SCREEN: Ridley at 18 months HOME VIDEO

12 LINDSAY: It was all as a result of this
13 program.

14 RIDLEY: Tiger.

15 LINDSEY: What does a tiger say?

16 RIDLEY: Delicious.

17 LINDSEY: We've had parents come up to us and
18 say, I want you to know, Graham or Ridley inspired my
19 child to read.

20 GRAHAM: That just makes me feel really great.

21 ON SCREEN: Graham at age 5 HOME VIDEO

22 GRAHAM: And also new people that I meet,
23 they're like how did you learn how to read that quickly,
24 and I said, Your Baby Can Read.

25 The Civil War would last for years and take the

1 lives of more than 600,000 Americans.

2 UNIDENTIFIED FEMALE: No way.

3 GRAHAM: Way.

4 BRIAN: Your Baby Can Read really opens up an
5 unlimited possibility for your child.

6 LINDSEY: We think about our children and their
7 future and we want their future to be bright and to give
8 them every opportunity, and with Your Baby Can Read, you
9 really are giving your kids so much more than you ever
10 dreamed. I have to thank Your Baby Can Read for the gift
11 that they have given our family.

13 Lydia's Mom

14 CHERYL: When I was pregnant with Lydia, we
15 didn't think about reading. We thought we wanted her to
16 be interested in books and look at pictures all along the
17 way, and we planned on reading to her, but we never
18 thought that she would be reading to us.

19 ON SCREEN: Lydia at 19 months HOME VIDEO

20 LYDIA: No.

21 UNIDENTIFIED FEMALE: No. And this word?

22 LYDIA: Eyes.

23 UNIDENTIFIED FEMALE: Eyes. That's good. What
24 is this word?

25 LYDIA: Zip.

1 UNIDENTIFIED FEMALE: Zip.

2 CHERYL: She loves to learn and it's not like
3 there's anything particular about Lydia. I think all
4 babies love to learn. It's just nurturing that love of
5 learning, instead of waiting until they're five and six
6 years old and then it's a chore for them.

7 LYDIA: Bubble.

8 UNIDENTIFIED FEMALE: Bubble. Very good. And
9 this one?

10 LYDIA: Ball.

11 UNIDENTIFIED FEMALE: Ball.

12 CHERYL: Your Baby Can Read, in my opinion, is
13 the best thing we could have done for Lydia. Instead of
14 just sending her off somewhere and hoping somebody else
15 might teach her something, I'm ensuring that she's
16 learning.

17 CHAD MURDOCK: We couldn't get to every place
18 in the world that Your Baby Can Read is having success,
19 so they sent in their stories.

13 ON SCREEN: Robert Titzer, Ph.D.

14 Creator of Your Baby Can Read

15 DR. ROBERT TITZER: Imagine what the world is
16 going to be like if we have more of those kinds of babies
17 and toddlers in the future. They just have a life in
18 front of them full of opportunities and to think that not
19 only my own children, but I have met many thousands of
20 children all over the world. People are using Your Baby
21 Can Read and they love using this program because it is
22 changing their lives.

23 CHAD MURDOCK: What amazes me about Dr. Titzer
24 is his true passion and desire for every child in the
25 world to be able to read.

1 What an honor it was to interview so many
2 families. See how Your Baby Can Read has changed their
3 lives.

4 UNIDENTIFIED FEMALE: Eighteen months, you
5 know, she's reading.

6 UNIDENTIFIED FEMALE: There's books, there's
7 flip cards, there's flip pages.

8 UNIDENTIFIED FEMALE: It's absolutely the one
9 thing every parent should have.

10 UNIDENTIFIED FEMALE: I go show all my family
11 and they were like, wow, he's reading.

12 UNIDENTIFIED FEMALE: The children picked it up
13 immediately and I was amazed.

14 UNIDENTIFIED FEMALE: Start it now, you're
15 going to see results.

16 UNIDENTIFIED MALE: I can't see how people
17 could see this commercial and not own this. You have to
18 buy it.

19 CHAD MURDOCK: You have this chance to do it
20 right now for your kids or have the chance to give it as
21 a gift. These last two stories are really special and
22 you will see how Your Baby Can Read is changing lives
23 every day.

25 Racquel's Parents

1 LAUTRICE: Before she was born, conceived or
2 even thought of in our marriage, whatever was going to
3 happen, she was going to be educated.

4 WILLIE: Lautrice had a great pregnancy, we had
5 no indication that anything was wrong, and then, all of a
6 sudden, she went into labor.

7 ON SCREEN: Your Baby Can Read is not designed
8 as a course of treatment or teaching aid for children
9 with learning disabilities.

10 You should immediately consult a professional
11 if you suspect that your child may have a learning
12 disability.

13 WILLIE: So, when she was born, she was two
14 pounds, 14 ounces. They said that she had had some
15 episodes. She had stopped breathing five times during
16 the night. All we could hope for was that she'd survive.
17 And then that also inspired us to provide more so that
18 she would be all that she could be.

19 One day I was watching an interview with Dr.
20 Titzer. I kind of looked at it skeptically.

11 give her.
12 LAUTRICE: As a reading specialist, I said,
13 developmentally, a child has to be ready to read, and at
14 one, they're not ready to read. And then he put it on,
15 Raquel took to it like a fish takes to water.
16 ON SCREEN: Racquel at 18 months HOME VIDEO
17 UNIDENTIFIED MALE: What does this say?
18 RACQUEL: Rattle.
19 UNIDENTIFIED MALE: Rattle.
20 WILLIE: She was up to about 500 words the last
21 time I checked. She's sitting there, either she knows
22 what some of the words mean or she wants to know. We
23 can't go to a stop sign without hearing the word "stop."
24 UNIDENTIFIED MALE: What does this say?
25 RACQUEL: Monkey.

1 UNIDENTIFIED MALE: Monkey. What does this
2 say?

3 RACQUEL: Kick.

4 WILLIE: I know what it feels like to
5 almost lose her, so I will never take her for granted and
6 that -- you know, anything that she needs to have is
7 provided for. Your Baby Can Read does what it was
8 advertised to do.

9 LAUTRICE: She should have the ability to live
10 life and live life to the fullest and that's our jobs and

11 SINDA: And just write them, you know, just
12 random.

13 WILLIE: -- you know, just write them anywhere

24 mean, honestly, we're in the mall and people say, oh, how
25 did you do that? You know, you need to try to get it for

1 your child. If you love your grandbaby, get it.

2 UNIDENTIFIED MALE: Yeah, your ear. I mean,
3 it's unbelievable. You got to be plum lazy not to do it.

15 UNIDENTIFIED FEMALE: What's this one?

16 AMELEA: Butter.

17 UNIDENTIFIED FEMALE: Butter. Ooh, that's
18 butter, it gets you.

19 WILLIE: Honestly, I don't think our baby would
20 have been that outgoing, you know, sharp, if it wasn't
21 for this, and that's the only reason why I'm here, you
22 know, to let them know that that's -- I think it's all

What Makes Your Baby Can Read! So Special?

A baby's brain thrives on stimulation and develops at a phenomenal pace - nearly 90% during the first two years of life! The best and easiest time to learn a language is during the infant and toddler years - when the brain is creating thousands of synapses, or connections, allowing a child to learn both the written word and to hear word simultaneously.

Seize this critical window of opportunity to enhance your child's learning ability with the Your Baby Can Read! Early Language Development System.

Benefits of Early Literacy

According to Your Baby Can Read! developer Dr. Robert Miller, the current practice of starting to teach reading in school is too late. When children develop reading skills during their natural window of opportunity, from about birth to age four, they read better and are more likely to enjoy it.

In fact, studies prove that the earlier a child learns to read, the better they perform in school and later in life. Early readers have more confidence and are more likely to stay in school. Meanwhile, a national panel of reading specialists and educators determined that most of the nation's reading problems could be eliminated if children began reading earlier.
